National Certificate

01 Programme Overview

The National Certificate: Animal Production at NQF Level 4 develops advanced operational and supervisory competence within animal-production environments. The programme builds learners' ability to supervise production activities, manage resources and teams, apply animal nutrition and breeding principles, support animal-health management and contribute to planning and control within livestock and other animal-production enterprises.

02 Key Learning Outcomes

Supervise animal-production activities and working teams.

Apply animal nutrition and feeding-management principles.

Apply animal breeding and basic genetic principles.

Support animal-health management and appropriate treatment procedures.

Manage agricultural resources and production activities.

Contribute to planning, implementation and control within animal-production enterprises.
