NATIONAL CERTIFICATE

Building & Civil Construction

National Certificate: Building and Civil Construction

Open for New Enrolments

Programme / Qualification ID	NQF Level	Credits	Programme Type
65409	3	140	National Certificate

01 Programme Overview

The National Certificate: Building and Civil Construction develops practical and foundational competencies required within the construction sector. Learners develop skills in planning construction activities, preparing work areas, interpreting construction requirements, using appropriate tools and materials, applying health and safety requirements and carrying out construction activities to required quality standards.

02 Key Learning Outcomes

- Plan construction activities using mathematical principles.
- Interpret work requirements and construction information.
- Plan construction activities, resources and materials.
- Establish and prepare work areas safely.
- Use appropriate construction tools, equipment and materials.
- Execute construction activities according to quality, safety and environmental requirements.

03 Programme Information

Certificate category	National Certificate: Building and Civil Construction
Duration	12 Months
Delivery	Classroom Learning + Practical Training + Workplace Exposure
Assessment	Formative + Summative + Practical Assessment

Assessment evaluates both underpinning knowledge and the learner's ability to perform construction-related activities in practical contexts.

Programme duration is indicative and may vary according to programme structure, delivery schedule, workplace requirements and learner progress.

04 Entry / Access Requirements

Recommended entry level: NQF Level 2 or equivalent competence.

Learners should have appropriate foundational communication and mathematical literacy competence relevant to learning at NQF Level 3.

05 Potential Career & Progression Opportunities

- Construction Worker
- Masonry / Plastering / Tiling-related roles
- Construction Team Member
- Building Construction Assistant
- Carpentry / Joinery-related roles
- Small Construction Enterprise opportunities
