NATIONAL CERTIFICATE

Mixed Farming Systems

National Certificate: Mixed Farming Systems

Open for New Enrolments

Programme / Qualification ID	NQF Level	Credits	Programme Type
48971	1	120	National Certificate

01 Programme Overview

The National Certificate: Mixed Farming Systems provides an entry pathway into primary agriculture by developing foundational skills across both plant and animal production. Learners gain practical exposure to farming activities, agricultural resources, basic agri-business principles, good agricultural practices, safety and quality requirements while developing the competence to participate effectively as part of a farming team.

02 Key Learning Outcomes

- Participate in basic plant and animal-production activities.
- Apply basic agricultural health, safety, hygiene and quality practices.
- Use farming resources responsibly.
- Apply introductory good agricultural practices.
- Participate effectively as a member of an agricultural working team.
- Develop foundational knowledge for progression into plant production, animal production or other agricultural learning.
