FURTHER EDUCATION AND TRAINING CERTIFICATE

Plumbing

Further Education and Training Certificate: Plumbing

Open for New Enrolments

Programme / Qualification ID	NQF Level	Credits	Programme Type
58782	**4**	**160**	**Further Education and Training Certificate**

01 Programme Overview

The Further Education and Training Certificate: Plumbing develops the technical knowledge and practical competence required to work with plumbing systems in the built environment. Learners develop competence in installing, testing and maintaining plumbing systems, diagnosing faults, interpreting technical information and applying occupational health and safety, building and industry requirements.

02 Key Learning Outcomes

- Apply mathematical principles to plumbing activities.
- Interpret technical information and communicate within plumbing environments.
- Understand the operation of plumbing systems.
- Install plumbing systems in accordance with applicable requirements.
- Test and maintain installed plumbing systems.
- Diagnose plumbing faults and carry out or recommend appropriate corrective work.

03 Programme Information

Certificate category	Further Education and Training Certificate: Plumbing
Duration	12 Months
Delivery	Classroom Learning + Practical Training + Workplace Experience
Assessment	Formative + Summative + Practical Assessment

Assessment may include knowledge assessments, assignments, case studies and practical demonstrations.
